

Now, cost doesn't
have to be the biggest
elephant in the room
when choosing a BMS.

Experience the benefits of an innovative virtual
Building Management System with Fujitsu AIRSTAGE Cloud.

Don't let a ton of upfront costs keep you from optimizing your facilities' energy costs. Fujitsu's innovative AIRSTAGE Cloud BMS, coupled with AIRSTAGE VRF products, allows facilities managers to install, control, troubleshoot, and reduce energy costs – all from a simple online platform. This new, virtual private BMS produces a strong ROI in months, not years! Plus, our full line of AIRSTAGE VRF solutions is backed by 45 years of HVAC expertise and delivers more flexibility, power and comfort in less space. **Say goodbye to the elephant in the room – and hello to a smarter, more cost-effective BMS solution...Fujitsu AIRSTAGE Cloud.**
